Experience

Wittario

User experience design intern

February 2025 – June 2025

- Led user research and usability testing to identify pain points on the platform.
- Created and iterated on low-fi and hi-fi prototypes to improve the customer journey.
- Facilitated workshops and used the insights to create actionable design solutions.
- Delivered a full UX report with research analysis, concepts, and a final prototype.

Wittario

Project Lead – Part time

November 2025 – February 2026

- Responsible for daily operations, coordination, and progress planning for an integration project in collaboration with volunteers, local historical societies, and technology partners.
- Planned and facilitated digital learning games, historical walks, and cross-cultural meeting spaces for immigration families.
- Managed reporting, evaluation, and the execution of the final seminar for Stiftelsen Dam.

SupPassion

UX / Product Design – Project based

November 2025 - Current

- Designed a social football app that focused on real-time interaction between supporters.
- Developed concepts for features such as live audio chat, match rooms, quizzes and gamification.
- Created and iterated on low- and hi-fi fidelity prototypes.
- Defined the information architecture and navigation for a feature-rich app.

Kalnes Hospital

Hospital Service Assistant – Part time

July 2021 - Current

- Managed the restocking and ordering of medical supplies, ensuring wards were fully equipped and inventory levels were consistently maintained.
- Collaborated with medical staff to identify supply needs and address any shortages or urgent requests efficiently.
- Maintained a tidy and organized work environment by regularly cleaning and organizing storage areas and patient wards.
- Disposed of medical waste and general trash in accordance with hospital safety and sanitation protocols.

Leadership & Activities

The Hague University

IUX Tutor

Den Haag

September - October 2024

- Led 3 "Intro to UX" workshops with a group of 1st year UX students, monitored student assignments and provided feedback on their progress.
- Communicated with students, offering guidance on how to stay on track and meeting the course requirements.
- Supported student learning by creating an engaging and supportive workshop environment, fostering collaboration and understanding.

Skills

Figma/AdobeXD: Proficient in creating interactive prototypes, wireframes, and hi-fi designs.

HTML & CSS: Familiar with the basics in structuring web content and styling using HTML, CSS and JavaScript.

Language

English - Fluent

Norwegian – Native
